

JOB POSTING

Company: Energy Power Services

Position: Driver

We are currently looking for a driver or two for our bulk pneumatic operation. These drivers would be required to work 21 days a month typically out 4-5 days at a time staying in their assigned truck. Commodities would be barite, gypsum, concrete, and sand. Must be over 25 yrs old, have off road experience and pneumatic experience a plus but not required. Able to climb on trailers and hook hoses up. Some of our locations are oilfield pads so safeland training would be required.

We offer competitive pay,(percentage of load)
major medical
dental and vision insurances
Paid vacation

Please let me know if there is any other information that you need. They can visit our web site for the application or come to the office.
